### **Harmony Singing Workshop with Sue Thompson**

Do you sing Folk, Americana, Acoustic Country or Bluegrass music? Do you enjoy singing with others? Then come join us for a day-long workshop with American Harmony Wizard Sue Thompson. If you've come to one of Sue's workshops in the past, you'll be glad to know that she is bringing lots of new licks and tricks to make harmony singing easier and more intuitive than ever before.

If you're new to harmony singing, you'll learn the skills you need to get started. If you're an experienced harmony singer, you'll learn how to figure out your parts faster, and you'll get some great new techniques for harmonizing on-the-fly, even the first time you hear a song. Sue will also teach techniques for hitting high notes without strain, for staying on your part, and for blending better with all kinds of voices. There will be opportunities to practice in small groups with coaching from Sue, so come alone or bring your singing buddies or your band!

To get the most out of this workshop, you should already be able to sing a melody reasonably well in tune. If you're comfortable playing guitar or banjo, please bring your instrument with you, as it will be helpful in our small group practice sessions.
